PROJECT ADHUNA

*Advancing **D**elivery of (Quality) **H**ealthcare through **U**pgraded **N**ewborn (and Intrapartum Care) **A**pproaches.*

*Adhuna/ अधुना—meaning *The Now* or *The Present* in Sanskrit—symbolizes the urgency and immediacy of the healthcare reforms we are about to introduce.*

To catalyze improvements in intrapartum quality of care in the private sector and embed innovations in care packages across the maternal, newborn (MNH) and women's health (WH) spectrum in 29 districts across four states of India.

Project Outcomes

Outcome 1:

Strengthened clinical practices adopted by facilities for provision of improved intrapartum care and essential newborn care.

Outcome 2:

Introduction and scaling up of innovations as well as adoption of newer evidence-based practices in maternal and newborn health at facilities across selected districts.

Outcome 3:

Strengthened capacity and role of FOGSI and its members at the national, state and city level to advance women's health practice focused on scientific evidence, innovations, quality and equity.
