FOGSI Statement on events related to Dr. Sushrut Ghaisas

Dr Sushrut Ghaisas is a member of good standing of the Pune Obstetrics and Gynecological Society, which is affiliated to the national body, the Federation of Obstetrics and Gynecological Societies of India (FOGSI).

FOGSI deeply condemns the misdirected and harsh action that he has faced in the wake of a maternal death on 31 March 2025 in which he was not directly involved. He has faced threats and professional consequences which are unnecessary and illogical. In addition to this, he faced a completely one-sided and biased trial by media. The family of Dr Ghaisas also faced damage to their property and stress of these unfolding events. FOGSI denounces these events in the strongest possible terms. FOGSI appreciates the efforts of its member body, the Pune Obstetrics and Gynecological Society for the support extended to Dr Ghaisas. FOGSI stands with all the other professional organizations who have expressed their support.

Violence against doctors takes many forms. It extends beyond the physical and impacts healthcare providers in multiple ways. FOGSI opposes all forms of violence against healthcare providers and institutions.
