Advancing Critical Care, Empowering Women, Enriching Lives

Welcome

to the

FOGSI International

Critical Care Conclave 2026

KNOWLEDGE | COLLABORATION | COMPASSION | OUTCOMES

The Organising Committee warmly welcomes delegates, faculty members, residents, nurses, and healthcare professionals to the FOGSI International Critical Care Conclave 2026, a premier academic gathering dedicated to advancing excellence in critical care medicine.

As critical care continues to evolve with rapid technological innovations, evidence-based practices, and multidisciplinary collaboration, this conclave aims to provide a platform for sharing knowledge, discussing emerging challenges, and exploring cutting-edge solutions that improve patient outcomes.

The conclave will bring together renowned national and international experts in intensive care, emergency medicine, obstetric critical care, sepsis management, mechanical ventilation, point-of-care ultrasound, and advanced life support. Through keynote lectures, panel discussions, workshops, simulation-based training, and interactive case deliberations, participants will gain practical insights applicable to everyday clinical practice.

With an anticipated participation of healthcare professionals from diverse specialties, the event seeks to foster collaboration among intensivists, anesthesiologists, obstetricians, physicians, emergency care specialists, surgeons, and critical care nurses. The scientific programme has been meticulously designed to address contemporary issues in critical care while encouraging innovation and research.

Beyond academics, the meeting offers a valuable forum for networking, mentorship, and professional growth. We are confident that the exchange of ideas and experiences during this conclave will contribute significantly to enhancing the quality of critical care services and ultimately improving patient survival and recovery.

The Organising Committee extends its heartfelt gratitude to all faculty members, sponsors, exhibitors, and delegates whose support and participation make this event possible.

We look forward to welcoming you to an enriching academic experience and a memorable gathering of critical care professionals in the historic city of Tiruchirappalli.

WHY TIRUCHIRAPPALLI?

Home to the iconic **Rockfort Temple** and the world-renowned **Srirangam Ranganathaswamy Temple**—symbols of faith, strength and architectural grandeur.

Situated on the fertile banks of the Cauvery River, blending history, spirituality and modern development.

One of South India's leading centres for education, **healthcare and industry**, nurturing knowledge and innovation.

Excellent connectivity through **international airport**, extensive **rail network** and well-connected national highways.

Renowned for its warm **hospitality**, rich **cultural heritage** and **academic excellence**.
