

STAR GLOBAL INFERTILITY CONCLAVE

27th - 28th May, 2023
The Leela, Mumbai

Hosted by
Indian Society for Assisted Reproduction (ISAR)
in association with FOGSI

INVITATION

The Indian Society for Assisted Reproduction (ISAR) in association with FOGSI has chosen to hold one of the most prestigious conferences of the year, the **“Star Global Infertility Conclave”**. The conference will be hosted at **Hotel The Leela Mumbai** on **27th & 28th May 2023**.

Scientific deliberations will be one of the most important facets of this conference. The conference will take you, deep dive, into symposiums by various selected FOGSI Committees, panel discussions, academic lectures, orations, Debates, Keynote lectures etc by best-known luminaries in the field of Infertility to enlighten us with their dedicated work and vast experience.

In addition to the stimulating mental activities throughout the conference, we have made arrangements for an indulgent gastronomical experience and relaxed, entertaining evenings, ensuring that you will enjoy every moment spent with us at the STAR Infertility Conclave 2023.

We seek your presence and participation in STAR Global Infertility Conclave 2023 to make this conference a grand success. We are quite sure you will return with fond memories of the conference.

Looking forward to welcoming you all to the Mumbai.

Theme Explanation:

The theme revolves around the symbolism associated with the lotus flower and the hand gesture known as Gyan Mudra. According to this philosophy, the lotus is believed to be the first creation and a sacred womb for both gods and the universe. It is also associated with longevity, fertility, wealth, and knowledge.

The hand gesture, which is depicted with an elongated graceful hand, is a symbol of strength, power, and protection. It is believed to enhance mental strength, sharpen concentration, and improve focus. Holding a pink lotus in the hand represents purity, rebirth, and strength, while yellow lotus represents purity, devotion to God, and knowledge.

The green color is a symbol of fertility and growth, and pink lotus flower is also associated with spiritual enlightenment, growth, purity, and birth. Ultimately, the theme suggests that genuine happiness begins with inner beauty and wisdom, which is very important for fertility.
