

FOGSI-ZUVENTUS “ Saving Mothers Initiative” (Champions of Motherhood)

Dear FOGSIAN Colleagues,

Hearty greetings from team FOGSI-2019

We are all serving our nation through patient's service 24 x 7. That is our duty. We have achieved the goal of maternal mortality rate to become 130 from 600 in last ten to fifteen years, but our aim is to bring the MMR to nearby "ZERO". For this there should be 100% institutional or hospital deliveries. Friends, this task is not at all possible without your active participation.

We know you all are working very hard towards the goal of the best mother care and ultimately improvement in MMR and IMR. So to boost your morale and to motivate you towards this goal we are herewith forwarding a scheme and appeal you to implement the **"FOGSI Champions of Motherhood"** in your private setup. To add flavours, this is a competition too! You can have social service with great prizes.

What we expect from you ? simply you have to follow the given guidelines. Those are:-

- 1) Simply choose a patient from BPL (Below poverty line) either from your routine patients or from nearby government health center
- 2) You must conduct the delivery completely **free** of cost in your private setup and send the information in prescribed format for our record.
- 3) This will be noted with our team for the competition purpose..
- 4) For every prescription of Zuventus Iron & Calcium, to the below poverty line patients who have been enrolled by you in the above initiative, Zuventus will provide 15 days therapy of their Iron & Calcium brands free of cost. And rest of the therapy will be provided at discounted rate by local Zuventus Friend.

We are trying to conduct at least 35000 deliveries totally free of cost through this initiative as social responsibility of FOGSI members.

We appeal you to become an important part of this initiative "Together We Can Do It".

Best luck !!!

Your's Sincerely

Dr. Nandita Palshetkar (President, FOGSI)

Dr. Rajendrasing Pardeshi (Vice President, FOGSI)

Champions of Motherhood

(A FOGSI-ZUVENTUS Saving Mothers Initiative)

Beneficiaries of This Initiative will be **BPL (Below Poverty Line)** mothers.

We have 35000/- (Thirty Five Thousand) FOGSI Members only. Out of these we are giving this opportunity to **OBGYN from private sector** only. (Govt. Hospital, NGO Hospitals who are doing free deliveries with taking various Grants for that are not eligible).

Private Hospitals, Corporate Hospitals, Polyclinics can take part in this Scheme but Concerned OBGYN should be a **FOGSI Member**.

Every OBGYN should do at least **One Delivery free** of cost in the given period.

Period of this Initiative: From 15 -01-2019 to 31-12-2019.

Highlights of this scheme:-

(1) Maintenance of Record shall be in following format:-

Patient Record Format:-
