Dear Fogsians,

It our proud privilege to invite you to Thane, the historic lake City famous for its scenic beauty surrounded by Yeoor Hills. TOGS is ready to host National FOGSI Conference on

UPDATES IN GYNAECOLOGIC ONCOLOGY & HPV CONCLAVE

on October 28 & 29, 2023 under the able leadership of FOGSI President Dr Hrishikesh Pai and Secretary General Dr Madhuri Patel. When approaching diagnostic pathology in gynecologic diseases, many different scenarios can be encountered: benign lesions mimicking malignant ones, and vice versa. HPV science is evolving in multifold being the main culprit for Cervical, Vulva, Vagina, oropharyngeal, anal cancer, it has become a necessity to understand HPV case managements in better scientific way. Genetic imbalance (BRCA, p53, mismatch repair protein deficiency) can cause breast, endometrial, and ovarian cancer. This female "cosmos", in which so much is interconnected and happens as the result of something else, is complex, and diagnostic challenges, tough differential diagnosis, and pitfalls are routinely encountered. The conference scientific program has been designed to address all the basics and updates in Gynaecologic Oncology.

Dr Priya Ganeshkumar and Dr Jay Senapati
